Industry Pain Points

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

Integration Gap in Industry 4.0

Many industries struggle to **integrate IIoT/edge devices with legacy ERP systems**, hindering digital transformation. There is a lack of converged infrastructure to connect real-time data on the factory floor with enterprise decision-making systems.

Operational Inefficiencies

Traditional processes in manufacturing and supply chain are often manual, error-prone, and siloed. This leads to low traceability, quality issues, and productivity losses.

Cost of Compliance

Ensuring standards (like ISO audits) and managing warehouses manually incurs high costs and risk of non-compliance. Companies face audit complexities, paper-based workflows, missing records, which drive up costs and reduce efficiency.

These gaps present an opportunity for a unified solution that connects devices, software, and processes – saving time, reducing errors, and ensuring compliance at scale.

ATPL Solutions

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

Integrated Hardware–Software Platform: ATPL provides a comprehensive, integrated solution that combines cutting-edge edge devices (such as sensors, barcode/RFID scanners, and PLCs) with seamless integration to ERP and cloud systems. This is achieved through custom middleware, enabling real-time data flow and automation across the entire ecosystem.

Perfect AI Vision System

An AI-powered vision system for automated quality control, defect detection, and process monitoring in manufacturing, improving accuracy and reducing manual inspection costs.

Perfect Store

An Industrial Warehouse Management app that optimizes inventory tracking and order fulfillment, reducing manual work and errors with real-time inventory visibility.

Perfect Audit

A SaaS-based ISO internal audit management solution that streamlines audits, eliminates paper work, and ensures regulatory compliance in any industry.

Turnkey Solution: ATPL provides both the physical devices and tailored software, plus integration services - a one-stop package that fits clients' specific needs.

PerfectEdge MDM

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

The Problem: As enterprises deploy thousands of smartphones, rugged handhelds, tablets and frontline devices, IT teams struggle to maintain control, security and productivity at scale.

The Business Impact: More devices → More complexity → More IT effort → More risk → Lower workforce productivity

ATPL SOLUTION : Perfect Edge MDM provides centralized control over the enterprise mobility ecosystem—from **device enrollment and configuration to security, applications, remote support and analytics.**

Enterprise Challenge	ATPL MDM Outcome
Device complexity	**Centralized visibility & control**
Security risks	**Policy-driven protection & compliance**
Manual IT operations	**Remote management & automation**
Application sprawl	**Centralized application control**
Device downtime	**Remote support & faster resolution**
Disconnected frontline teams	**Push-to-Talk communication**
Limited operational visibility	**Real-time analytics & reporting**

Lower IT Complexity • Stronger Security • Higher Device Availability • Greater Workforce Productivity • Scalable Enterprise Operations

Perfect Labeler
CLOUD LABELLING & PRINTING

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

The Problem: Businesses across manufacturing, warehousing, logistics, retail and distribution depend on labels for identification, traceability, inventory and shipping—but their printing workflows are often built around disconnected legacy tools.

Business Impact : Manual Processes + Data Errors + Printer Downtime + Legacy Infrastructure = Higher Cost & Lower Operational Efficiency

ATPL SOLUTION — Perfect Labeler is a cloud-native Intelligent Label Operations Platform that seamlessly connects enterprise data, label workflows, and industrial printers—transforming mission-critical printing into a smarter, automated, and highly visible operation.

Design. Connect. Automate. Print. Monitor. Trace. One Platform. Smarter Label Operations.

Capability	Enterprise Outcome
Visual Label Designer	Create labels faster
Live Database Integration	Eliminate manual data entry
Batch & N-up Printing	Increase print throughput
Universal Printer Connectivity	Use existing hardware
Print Automation	Reduce repetitive operations
Real-Time Monitoring	Minimize downtime
Archie AI Assistant	Reduce technical dependency
Audit & Traceability	Improve accountability
Multi-Tenant Architecture	Scale across teams & customers
Cloud SaaS	Enable recurring, scalable deployment

Perfect SolvEdge

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

PerfectSolvEdge: AI-Powered Support Platform Built In-House by ATPL

PerfectSolvEdge is a Generative AI chatbot platform developed by ATPL to streamline technical support for AIDC devices and enterprise software.

Already deployed internally, it has helped reduce support turnaround time and improved customer experience across our branches.

ATPL will extend PerfectSolvEdge capabilities across its core product suite:

Perfect AI Vision System – Real-time fault explanation and vision insights via voice/text

Perfect Store – Instant inventory, dispatch, and binning support via chatbot

Perfect Audit – AI-driven ISO audit query handling and policy lookup

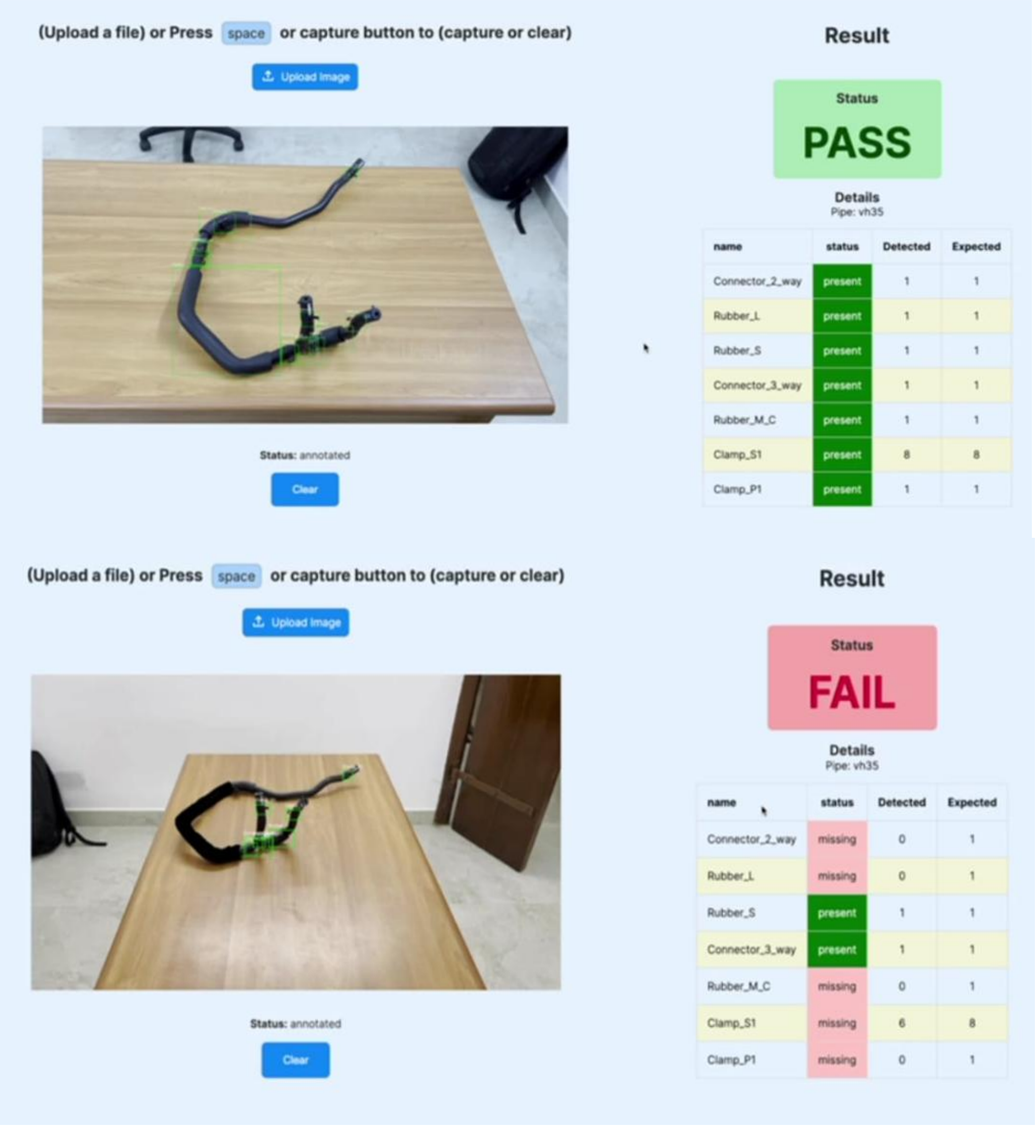

This unified AI support layer will help us scale globally while delivering 24/7 multilingual assistance to customers

-without involving support team.

Customer Success Stories

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

Automotive Component Manufacturer

Resource allocation time reduced from 2 hours to 2 minutes using ATPL's traceability system integrated with SAP.

Rubber Manufacturer

Improved dispatch accuracy by 50% with ATPL's barcode verification system, eliminating shipping errors.

FMCG Company

Reduced audit preparation time by 70% and eliminated paper-based processes using Perfect Audit solution.

Our solutions have proven impact across multiple industries, with clients reporting significant efficiency gains and cost savings.

ATPL Excellence: Achievements &Awards

- Became a Honeywell **Gold Partner and Regional Distributor** (2019)
- Awarded **"Go Getter Award" by Honeywell (2021)**
- Added **“Perfect Trace“ “Perfect Store” Application (2021)**
- Set up a **dedicated R&D center** in TBI Madurai
- Attained **ISO 9001:2015 certification** in 2022
- Added **“Perfect Audit“ “Perfect AI Vision System ” Application (2022)**
- Currently operating **4 branches** across India as part of our national expansion
- Became a **Partner for 6+ OEMS (Honeywell, Zebra, TSC, Forbes, Cipherlab, TVSE Etc., Etc.,**
- Built a strong customer base of over **250+ clients** nationwide.
- Awarded **“Emerging Partner”** by TSC (2024)
- Awarded **“Raising Star Partner”** by TSC (2026)

Business Model & Revenue Streams

ATPL operates on a **B2B/B2B2C model**, selling solutions to enterprises (manufacturers, logistics firms, FMCG, etc.). Revenue is generated through both project-based sales and recurring services.

Scalable Model

Increasing focus on **subscription and SaaS offerings** (Perfect AI Vision System, Perfect Store, Perfect Audit, etc.) will boost recurring revenue over time, improving margins and predictability.

Distribution Partnerships

As an official distributor for top 6+ OEMs (e.g., **Honeywell, Zebra, TSC** products), ATPL earns commissions on hardware sales.

Pricing Strategy

Mix of **one-time project fees** (for custom integrations or installations) and **monthly/annual subscriptions** (for cloud software).

3-5 Year Growth Roadmap

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

FY 2026 (Current)

From Product–Market Fit to ₹12 Cr Revenue — Building Perfect into a Pan-India Industrial AI Platform. **Prove Product–Market Fit** for **Perfect AI Vision QC, Perfect Edge-MDM & Perfect Labeler**. **Launch Commercial SaaS** to create predictable, recurring revenue streams. **Build a Scalable Growth Engine** through strategic hires, stronger products, and customer success.

1

FY 2027-28

Build a ₹20–25 Cr business in India while establishing the foundation for global expansion and recurring SaaS revenue. **Strengthen Market Leadership** — establish Perfect as a differentiated **Industrial AI + Edge Technology Platform**. **Build for Scale** — strengthen leadership, product, technology, channel, and customer-success capabilities to support rapid growth.

2

FY 2029-30

Global Expansion & New Verticals – Target ₹50+ Cr revenue. Set up presence in one or two global markets. Roll out next-gen products with **AI & Vision** technology at core.

3

FY 2040 Ambition

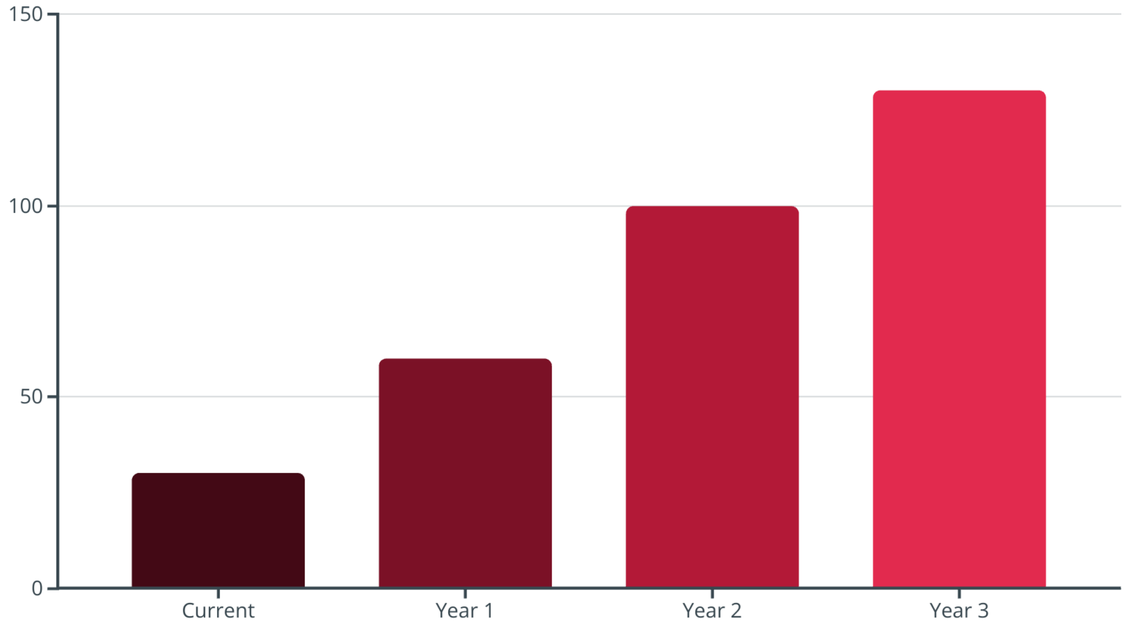

On track for **₹150 Cr** in revenue and **2,500 customers globally**. Fully **global footprint** and a portfolio of AI-enabled solutions, making ATPL a leader in industrial digital transformation.

4

We will invest heavily in R&D to stay ahead technologically, develop strategic partnerships for market access, and build robust customer support to maintain quality at scale.

Job Creation & Hiring Plan

Hiring Goal

Current Team size is 20. 130+ new jobs in the next year, growing the team to ~150 by 2026.

Roles & Skills

- Software developers
- Data scientists (AI/ML)
- Sales & marketing personnel
- Customer success engineers

Branches

- Aiming to expand our presence with 5 new branches across India by 2026

Impact

Beyond direct hires, our growth supports **indirect job creation** (e.g., local installers, partner resellers) and upskilling in advanced tech domains.

Our Competitors

ARCHERY TECHNOCRATS ®
TARGET PERFECTION

In recent years, industries have struggled to integrate IIOT and Edge devices with their existing resources as well as highly advanced technology innovations with their current ERP systems due to a lack of converged infrastructure.

So, we are concerned with and fully grasp the difficulties mentioned above.

- ✓ We have a specialised team for Hardware/software
- ✓ Integrates edge/IIOT devices with ERP.
- ✓ Incorporates the middleware application with ERP
- ✓ Research assistance for identifying and resolving customer problems,
- ✓ Sales and services (Hardware & Software).

As a result, our customer will receive rapid relief from their complex pain points, which will earn them useful reinforcement and several client referrals.
